

HOME NEWS.

All Kinds of Personal and Neighborhood Items—Jotted Down by Our "Localist."

Umbrellas have been on the "rise" lately.

The first of May was a cold, rainy day, the thermometer sinking down to 6 degrees above freezing. In the afternoon the rain changed into snow, and the weather was anything but lovely. Heavy shawls and overcoats and warm stoves were once more at a premium. Early on the 2nd day.

Mr. McCoy was in town on Monday. He says streams are swollen, wells and cellars are full, and the ground, lanes and roads in every direction good and juicy. The weather on the first of May was not very encouraging for the farmers.

Levi Zook, who is suffering from a diseased eye, returned on Friday from St. Louis, where he had been securing medical aid.

Lettuce and garden truck, notwithstanding the lateness of the season are making their appearance. We have received several messes of very fine early vegetable products, but the parties furnishing us with the same are too modest to permit their names to go into print.

Frank Gordon has taken up the Cottonwood School, situated 24 miles west of Bigelow. School commenced May first and will last three months.

In view of the expense of the trip, and the high rates of railroad fare to Philadelphia and return, Daddy Isaac Hays of Bigelow township, who had intended to visit the Centennial Exhibition, has given up the idea of doing so. He is now in his 38th year, and is the sire of many children, grand children and great grand children. The old gentleman is hale and hearty and is living with his third wife and is raising a young family of Hays, his youngest child having been born last summer. His residence is near the banks of the Big Tarkeo, about four miles south-west of Bigelow.

Twelve carloads of very fine cattle and hogs were shipped to Chicago from Bigelow on Friday, the 28th ult. They are represented to us as the best fed that have at any time left Holt for the great cattle market. One of the steers weighed 1,870, another, 1,800. The twelve carloads were in charge of Messrs. John L. Cheating, Albert Weston and Elias Penny. Mr. Henry Watson will also ship a number of carloads this week.

Calvin Van Bebbler, and his son Franklin Van Bebbler, of Bigelow township, will leave for the Pacific coast next week. They go to take a look at the country, and may possibly find a location to suit them.

The Black Hills fever from which a number of our young men have been suffering, is abating. The latest news from the Hills is to the effect that there is little or no gold in that country, and is having a wonderful effect in stopping the ravages of the fever.

Squire Henry C. Long of Bigelow attended County Court on Monday. He flitted us with a call and reported every thing lovely in that part of old Holt. He says if any should doubt the fish rain story, they are invited to come to Bigelow and see for themselves. Many of our heavenly visitors were still alive and swimming in the places provided for them. The Squire also wishes us to tell the public that after this he will have only two "law days" in the week, namely, one on Tuesday and one on Saturday. He will be in his office on those days from 9 o'clock in the morning until 5 o'clock in the afternoon. Litigants, intending to do business in Squire Long's Justice Court, take notice.

Don't deprive your family of the SENTINEL when it costs so little. You will not miss the money. Only \$1.50 a year.

Madame Ramor says that Dr. J. P. Jackson of Mound City has gone off to get married. The report goes on to state that the "momentous event" had been consummated at Council Bluffs, and that the Doctor was now in southwest Missouri, spending the honeymoon. Also, that a Miss Lizzie Ut was the happy life-partner. If we are wrongly informed, we hope the Doctor will set us right, as we are anxious to give only correct information to the people.

Ladies, have you seen those styles of Millinery Goods for 1876? Mrs. Curry's, first door south of the SENTINEL office? Spring styles in the greatest profusion.

Mr. Andrew Jackson Brown, of Craig, who was off on a trip to Rush county, in southwestern Kansas, returned on Thursday of last week. He says he has pre-empted as fine a quarter section of land as there is in Kansas, and he will forthwith move his family per wagon to his new home.

His quarter section is situated in Walnut Creek Valley, 24 miles south of the Kansas Pacific and 24 miles north of the Santa Fe Railroad, and about 300 miles west from the city of Atchison. Mr. Brown says the soil in Rush county is as fertile as it is in Holt, and lays much better for cultivation. Running streams of water, he says, are quite numerous in that part of Kansas.

On Monday our sheriff, Capt. Lucas, took Dr. Jason B. Bumps to Rock Port, Atchison county, where the latter is to stand trial on the charge of abortion and murder.

Rev. Stephen Blanchard, who for the last seven months has been preaching at some point in Kansas, is visiting his family who reside in this city. He will return to his circuit this week.

Messrs. John Jacob Astor and Wm. B. Astor, Jr. have recently given \$25,000 to the funds of St. Luke's Hospital, in New York City.

Mr. Bart Venable has retired from the management of the Graham Headlight and is succeeded by Mr. G. W. Hutchins. Dr. J. M. Morgan still continues in the position of associate editor.

OBITUARY.

Death of an Estimable Lady.

Died, in Mound City, Mo., after a painful and lingering illness—Mrs. LOUISA JEWELL, wife of S. P. Jewell, aged 34 years, 4 months and 11 days.

She was born the 17th of December, 1841, in the town of Leunen, Province of Westphalia, Kingdom of Prussia, Germany.

She removed with her parents, Charles and Henrietta Van Lunen, to the United States in the year 1849, and first settled at Johnston, Pennsylvania. In the year 1869, she, with her parents moved to this county, and was married to Mr. S. P. Jewell the 23d of March, 1870.

Mrs. Jewell was the mother of two children, one of which, her son Charles, survives her, the other died when only a few days old.

Her parents being members of the Evangelical Church of Germany, her early religious instructions were obtained in that church. Some 14 years ago, Mrs. Jewell united with the Presbyterian church, and has ever remained faithful to her trust, which she so beautifully exemplified in her patience all through her lingering and painful sickness, never losing sight of Jesus and his promises.

About five years ago she first complained of severe pains, which increased to an extent as to deprive her of the pleasure of attending to her family duties. For the last two years she has been almost unable to move herself, but was nevertheless very hopeful of final recovery. But as she kept getting worse, and as the hour of her dissolution drew nigh, she was resigned to the will of Him who maketh all things right. She died in the hope of a blissful immortality beyond the grave.

A deeply bereaved husband and one child, as also an aged father and numerous relatives and friends, remain to mourn her early departure. Her funeral took place, April 29th, and her remains were deposited in the Union Cemetery, near Forest City.

The King of terror has stricken the blow. Removed from her friends, the faithful and true, Jesus, the King of Peace, has banished the woe. Given assurance we shall meet her anew. "Fear not," he tells us, "and be not afraid, I have her now with me, rewarding her faith."

Religious.

There will be preaching at the Court House on Sunday next, May 7th, 1876, by an Elder of the Reorganized Church of Jesus Christ of Latter Day Saints, at 10 A. M. and 7 P. M. All are respectfully invited to attend.

D. M. Martin sells Harness cheaper than anybody.

Butter, Eggs, Hides, Tallow, Beeswax, &c., are taken the same as cash at the Red Front, where goods are marked at cash prices.

A big invoice of clothing, Hats &c., just received at the Red Front. 45 H. L. WILLIAMS & CO.

Normal Institute.

At a meeting of the Executive Committee of the Teachers' North West Missouri Normal Institute, held on Saturday, April 29th, 1876, it was arranged that Prof. Greenwood, Superintendent of Kansas City Schools, be employed to conduct a Teachers' Normal Institute, for four weeks, commencing on the 24th of July next, at the Public School Building in Oregon, Holt county, Missouri.

To that to secure the payment of all expenses of said term, there be subscribed by the Teachers interested, fifteen shares of ten dollars each as a guarantee fund. That the tuition of each member be three dollars for said term, or one dollar a week. That all teachers of North West Missouri, and of adjoining counties of Kansas and Nebraska, be notified and solicited to attend; and thereby help to make this great work a success.

H. HERSHBARGER, Pres. SAM. M. RILEY, Sec. 45w3

Good goods, low prices, fair and square dealing will tell. Hence the success of the Red Front. 45

[No. 67.]

Ordinance.

AN ORDINANCE TO PREVENT MARES BEING SERVED WITHIN THE LIMITS OF THE CITY.

Be it Ordained by the City of Oregon: SECTION 1. That every person who shall be convicted of standing any stud horse or jack, whether his own or not, and permitting any mare or mares to be served or tried by the same, within the limits of the city, shall be deemed guilty of a misdemeanor and fined not exceeding \$50.

Sec. 2. Any person who shall be convicted of publicly exhibiting any stud horse or jack, upon the streets, alleys or vacant lots, within the limits of the city, during the time between the 1st of April and 24th of July, in each year, shall be deemed guilty of a misdemeanor, and fined not exceeding \$10.

Sec. 3. This ordinance shall be in force from and after its publication. Approved, May 2d, 1876. HENRY SHUTTS, Mayor.

SUPREME TOYDISM.

And a great deal of silly palaver inflicted on the world in the wake of the four of the Prince of Wales in India, we submit that the following ode in Sanscrit, sent from Hindustan, deserves the prize for Oriental swells and flatteries:

Wise thou be blessed with the victory of thine world, for thy right path, O thou who art without partiality and without human weakness! The sun rises in the East. But now the sun rises in the West, and is directing its path toward the East. The sun awakens the world. The lotus flowers are blooming. Thou, the son from the West, art rising like a truly awakening us. We do not need the natural sun. Thou, O Prince, canst make the waters rise and fall, and call forth the cactus flowers from their beds; why, therefore, do we still need the moon? Since the Prince gives light to our eyes in the darkness, we know not whether the light of the lamp or tree is created by God. The darkness of ignorance is dispersed by the star of the Prince. The stars are therefore no longer of importance. Since the Creator has seen that the Prince understands all natural laws he has gone to rest, and placed the care of the world into his hands.

These poor heathen must be in blissful ignorance of the true character of the Prince, thus to make of him a whitened sepulcher!

SPEECH OF THE SENECA CHIEF.

Addressed to a Missionary who tried to show the Red Man how Christ, the Son of God, was Crucified.

By SA-GOY-E-WA-THA, Chief of the Senecas.

You lofty Pale-Face, speaking peace on earth to barbarous Indians, the doer of heaven's birth, Confessing sin, which Red Men all disdain, And of our weakness constantly complaining!

Where can you find peace so fraught with crime— So heinous, awful, yet you cannot subline? Who would suspect that mercy could stain? For guilt like yours, that wickedness alone?

Without just cause, you murdered in cold blood Aul brought down vengeance like a dreadful flood. You took the life of the Great Spirit's Son, What villain would mortal e'er have done?

You now design the curse on us to heap, Whilst you escape, forsooth. What! do we sleep? See you to that: yourselves have done the deed, 'Tis for yourselves that you should take good heed.

Se-goy-e-wa-tha, the old Indian chief, Disdain to own so low and wicked thief. Had he but come to us our souls to save, We should have welcomed him and all he gave.

But now, farewell, Stern Justice understands Our rights. And we are not within his hands.

14 yards of the best Calico for \$1.00 at the Red Front, Forest City. 45

Dr. Sage's Catarrh Remedy.

NO PATENT MEDICINE HUMBUG, got up to dupe the ignorant and credulous, nor is it represented as being composed of rare and precious substances brought from the four corners of the earth, carried seven times across the Great Desert of Sahara on the backs of fourteen camels, and brought across the Atlantic Ocean on two ships."

It is a simple, mild, soothing remedy, a perfect Specific for Catarrh and "Colic in the Head," also for Catarrh of the Throat and Impairment of the Sense of Smell, Taste, or Hearing, Watery or Weak Eyes, Pain or Pressure in the Head, when caused, as they are not unfrequently, by the violence of Catarrh.

Lawrence, conducted by Miss Lizzie Lawrence, who is well known as a FIRST-CLASS MILLINER and DRESS MAKER, and cordially invites all who want something new, to call and see them. 45w4

Death of Cora Cook.

CORA COOK, only daughter of Daniel Zook, departed this life on Wednesday morning the 3rd day of May, 1876, after a brief but very painful illness. A little over a week ago she was prostrated by a disease, which subsequently was pronounced the cerebro spinal meningitis. Although every possible effort was made by loving friends and skillful physicians to control the disease, yet the young sufferer finally succumbed to its power, and Cora was no more. As she was a great favorite with all who were acquainted with her, her death wherever known, will cast
